COURSEWORK

UNDERGRADUATE

Object Oriented Programming

Data Structures in Java

R-DBMS

WEB Development

Computer Networking

Operating System

SKILLS

PROGRAMMING

Technologies:

- Java
- SQL • DBMS
- HTML • CSS

Tools:

- Mysql • VS Code • Windows
- XAMPP • Github

OTHERS / HOBBIES

- Web Designing
- Presentation
- Creating Interactive PPT's.

PROJECT

EASYNBA | WEB BASED PROJECT | HTML, CSS, JAVASCRIPT | SQL | PHP

- **Enhancing Faculty Efficiency:** EasyNBA simplifies faculty tasks by automating student record-keeping and performance tracking, eliminating the need for time-consuming manual processes.
- **Streamlined Automation:** EasyNBA's automation ensures error-free data handling for faculties, making it an ideal fit for any NBA-affiliated engineering college.
- **Streamlined Automation:** Scalable Solution: EasyNBA provides standardized academic data management that seamlessly scales to meet the needs of various institutions, ensuring efficiency and consistency.

INTERNSHIP

SIRINTEL | INTERN

2022 | Davanagere

- **Python Proficiency:** During the internship, our team covered a wide range of Python programming concepts, from the basics to advanced topics.
- **Teamwork and Collaboration:** We also learned valuable teamwork and collaboration skills, enabling us to work efficiently together on various tasks and projects.

ACHIEVEMENTS

- Accomplished 200+ Java coding challenges from platforms like **GeeksForGeeks, HackerRank, Prepbytes, and LeetCode etc...** showcasing strong problem-solving skills.
- Honored with the distinguished team award for **Best Project Implementation of the year 2022-2023**, a testament to our exceptional achievement.
- Successfully certified by **NPTEL** after completing the **Database Management System** course conducted by **IIT Kharagpur**.
- Recognized with a **Silver Badge Certificate from NPTEL** for successfully completing **The Joy of Computing with Python** course conducted by **IIT Madras**.

OTHER ACTIVITIES AND ACHIEVEMENTS

- Served as the **Coding Club Master** during my final year of engineering, leading a club of over 40 members.
- Conducted numerous interactive seminars on technical subjects such as **DBMS, HTML, CSS, and Python**, contributing to the dissemination of knowledge within the academic community.
- Secured **2nd place in the Tower of Hanoi activity** conducted during my third year of engineering, demonstrating problem-solving abilities and competitiveness.
